## The Red Badge Program

Welcome to Rotary and your Red Badge!

The Red Badge on your name tag identifies you as a new Rotarian. It's our way of letting folks around you know you're new and a member of the "red badge" group. As a "red badger" you will participate in activities designed to introduce you to other members and some of the customs and practices of Rotary. Those activities are listed on the right side of this card. Each time you complete an activity, record the date of completion. When all of the activities have been completed, return the card to the club secretary and we'll celebrate with a "de-tagging" event.
